Szarka Financial Hosts Program to Discuss Impact of the Government Deficit & Spending Policies on Investors

Tuesday, August 19, 2009

Northeast Ohio – Although most everyone now has an understanding of what caused the market and economic downturn, many are left wondering how the government spending programs might impact them financially moving forward.

To help provide an objective look at the long-term effects of increased government spending, tax policy trends and potential changes to our healthcare system, Szarka Financial Management will be hosting a presentation on Wednesday evening, August 26th, “**Navigating Through the Impending Economic Tsunami**”.

“We feel it is important to provide comprehensive information about these topics in a non-partisan manner, so that people can make good decisions, as the effects of the stimulus and health care reform spending become more prevalent”, states Les Szarka, CEO of Szarka Financial Management.

The presentation will be held on **Wednesday, August 26th from 7:00 pm – 9:00 pm** at the **Rocky River Memorial Hall** 21016 Hilliard Blvd in Rocky River. There is **no cost** to attend, but seating is limited as we have over 130 people currently scheduled to attend.
